It is proposed that one of the following two options be adopted at this stage:

- ☐ **Option 1:** NO. No more streetlights at this stage please: The existing lights in Kommetjie should remain in place but all future lighting requests must obtain subcouncil endorsement prior to the request being accepted. Wireless and Riverside roads should not be lit at this point and the three new lights erected recently should be removed.
- ☐ **Option 2:** YES. More streetlights please: The City will assess residents' requests for lights as per the standard existing procedure. On approval the road or street in question will be lit.

Please motivate your selection above and provide any additional comment, if needed :
